"Outstanding Contribution"

Soil Scientist Alfred Leahy Gets Public Service Award

Trophies Presented At Beef Club Annual Picnic

The Berrywater 4-H Beef Club held their annual picnic on Wednesday, July 5 at Lake McGregor Memorial Park. Following a delicious pot luck supper enjoyed by members, parents and friends, everyone enjoyed a friendly ball game, after which trophies were presented.

Kay Giles, whose calf was chosen champion of the club, had the tray that she was presented with by the Canadian Imperial Bank of Commerce at the Vulcan show on display.

Reserve calf, Murray McLean; 3rd, Jim Oldfield; 4th, Leighton Rushfeldt. The showmanship trophy was won by Kay Giles with Jim Oldfield, 2nd. Grooming, David Love and Clinton Armstrong. Best rated gain for calf, was won by Wayne Love. Public speaking, Maureen Sinclair and Kay Giles.

In the Pee-wee class, winners were J. Norma Rushfeldt; 2nd, Allan Giles; Showmanship trophy was won by Allan Giles and Gordon McLean, 2nd.

All other members received calf wash brushes.

Club members presented Archie Oldfield, their leader, with a western shirt in appreciation for all his help.

Assistant leader, Vic Rushfeldt, was very ably in charge of presenting the trophies and called upon different parents and friends to make the various presentations. And so concluded another successful season for the Berrywater 4-H Club.

AT EXPO

An abstract statue of stainless steel weighing 46 tons is one of the heaviest single items trucked to the Expo 67 site. Designed by the American sculptor Alexander Calder, the statue called "Man", took 18 months to build in a factory at Tours, France.

An Ottawa man, Dr. Alfred Leahy has been named winner of the Public Service Merit Award for his contribution to Canadian Agricultural Development. Dr. Leahy, who worked with the Department of Agriculture for 31 years before retiring last December, was presented with a \$1,000 award by Agriculture Minister Greene. The award pays special note to Dr. Leahy's contribution to agriculture through his work of soil classification, analysis and comparison and mapping, which he has conducted since 1931. Dr. Leahy received his early education in the Berrywater district and is a brother of Mrs. M. L. Todd.

In making the presentation, the Minister said "Dr. Leahy's intimate knowledge of our soils in all their variety is unique and this together with clear thinking, extensive study, patience and tact enabled him to give the outstanding leadership necessary to accomplish all the things he did during the past years. He is without doubt the outstanding soil scientist in Canada today and Canada will profit for many years from the contribution he has made."

Now that he is retired, Dr. Leahy is planning to move to Alberta or B.C.

Drag Races Attract Large Crowd, Sunday

The first drag races sponsored by the Vulcan Timing Association at the Vulcan Airport attracted about 150 spectators last Sunday and with 28 cars and four motorbikes entered in the various events, provided lots of entertainment.

Winner of the stock car eliminations was Edwin Hilz of Champion and Eldon Maronda of Lomond won the bike eliminations. Drag races will again be held on Sunday, Aug. 6, and the Timing Club hopes to have a public address system and better timing devices in operation in the future.

AT THE MUSEUM. A valued addition to the Little Bow Pioneer Museum is the photo pictured above along with its donors and recipient. At left is Nick Czibere, District Supervisor of Federal Grain Limited, the newly formed amalgamation of three elevator companies and at right is Ray Bagozzi, local agent for the former Alberta Pacific Grain Ltd., now part of Federal Grain. The photo was sent to the Vulcan elevator from the East by Gene Jones, one-

time agent in this area and it was felt it would find most widespread interest at the museum.

The photo is from the '20's when outfits would put as many teams on their grain wagons as possible, partly in competition, partly for show. Standing at the head of this outfit near Vulcan, is Glen House, well known to Commodore and "A" fabulous man... cattle buyer, rancher, with a hand in just about everything going those days." He passed on some years ago but has

sons Shorty and Forrest and other relatives in the Arrowwood district. Mr. House was thought to have been the instigator of the formation of this team which was driven by Slim Moorehouse and in harness were 10 mules and 20 horses, gathered from wherever they could be borrowed. It was a year or so later, in the '20's that the outfit of 30 matched black horses was assembled to appear in the Calgary Stampede parade.

30 Golfers Go To High River

The Vulcan Golf Club sent a contingent of 30 golfers to the High River Tournament on Sunday, July 23, and so were rewarded with a good number of prize winners. Thelma Haverly won the Ladies Championship Flight over Mary Haga, both from Vulcan, while two other locals, Irma Middleton won over Veda Boutland in the First Flight.

In the men's section Dan Watson lost an extra hole final to Wally Thrun of High River in the Championship Flight. Ron Buchler picked up a second in the second flight; Norm Pettie won the third flight; Tom Babuk defeated Mel Jordan in the finals of flight four; Gale Atkinson was the winner of the sixth flight and Stu Beagle won flight seven over Larry Hagg, all from Vulcan.

In the Horse Race Wally Thrun was again successful followed by Ken Reid and Don Tanner.

The High River Legion Challenge Trophy up for competition for the first time on Monday, July 24 was won by the Vulcan Legion golfers who took part in the tournament at the High River golf club.

The net score for Vulcan's best

four was 297 for 18 holes just four strokes better than High River's 301. The winning team were Ray Wellman 69, Gale Atkinson 75, Verna Haga 76 and Frank

Fletcher 77. Ray Wellman also won the individual low net trophy. Other Vulcan Legion golfers were Bev Banks, Bill Knapp, Ivan Haga, Chas Fulton, Burnell Drummond.

Rain Needed Now

Although the continued dry weather is having its effect on stubbled-in crops, summerfallow crops are holding up quite well, with no marked deterioration as yet, according to a summary of crop reports from Alberta Wheat Pool agents in the County of Vulcan area.

Sub-soil moisture is good, but crops are shallow-rooted due to the excessive surface moisture this spring and a good general rain is needed very soon.

Hail damage was reported in the Arrowwood district Monday of this week but no estimates of the amount of damage were available at time of writing.

Fall rye crops are headed and starting to turn.

Service For James Agnew Held July 26

A veteran of the First Great War and well known Vulcan resident, James Agnew died suddenly at his Vulcan residence on July 20, 1967. He was 80 years of age.

Born at Milton, Halton County, Ontario, Mr. Agnew came to Alberta in 1913 and worked at the Beaver Mines in the Pincher Creek district. He enlisted in the Canadian Army and during the First Great War served overseas and in Canada for three years. Upon his discharge from the Army he worked in the Pincher Creek and Claresholm districts before buying a farm east of Kirkcaldy. He farmed until 1942, when he moved to Vulcan. He held various positions here until 1956 when he retired because of ill health.

Surviving are his wife Ruby, at Vulcan; one sister, Bessie Lamb of Milton, Ont.; one step-daughter, Mrs. Margaret Wittlag, Vancouver and one step-son, Charles Scott, Vancouver.

Services were conducted by Mrs. E. Howie of Milo at the Vulcan United Church on Wednesday, July 26 and interment was in the Vulcan cemetery. Pall bearers were Walter Stewart, Harry Beaubier, Donald Mallory, Andrew Brown, Clifford Fath and Lawrence Haga.

The Vulcan Funeral Home was in charge of arrangements.

OVER THE WAVES

To those interested in world travel a card recently received by Mac Sinclair at the town office, from the Gordon Claytons, should be stimulating.

Gordon and Margaret are well into a tour which takes them to these far away places with the strange sounding names. Dated July 9 the card is a countryside scene at Soto, Curaco, Neth. Antilles, which requires considerable map reading to track down, but Gordon helped by writing that they were three days out of Lisbon, Portugal with everyone speaking Dutch. July 7 marked their 15th day on the Orizaba.

If a few inches of that water Gordon and Margaret are floating on could be miraculously dropped on their crops at home just now, the trip might even be more enjoyable to them.

Former Lomond Resident Dies At Langley, B.C.

A Lomond district pioneer, Floyd Clair Barnett died at Langley, B.C. on July 7, 1967. He was in his 75th year.

Mr. Barnett came to Lomond with his father, two brothers and two sisters in 1907 and homesteaded. He farmed there until the early 1930's, when he moved to Nanton and farmed and then to High River. He retired in 1955 and moved to Langley. His brother Earl died nine years ago, his sister Florence six years ago and his brother Guy last October. He is survived by one sister, Myrtle Reid, at Langley; nieces Lola of Langley, Helen of Lomond and Leona, of Millet; and nephews Lorne and Gerald, both in Alberta.

At Centre Meeting

Recreation Possibilities Outlined By Ray Speaker

The June meeting of the Vulcan and District Recreation Centre was attended by Ray Speaker, MLA who brought the group up to date on the progress and future proposals of the Department of Youth.

In the formative stages now are plans to spend \$4,000,000 over the next five years in such areas: 1, facilities grants, such as assisting on buildings; 2, leadership grants; 3, pay for recreation directors. These grants will probably be on a per capita basis. On the question as to the possibility of government taking over the recreational areas he stated they are trying to keep the responsibility at the local level.

The defeat this spring of the Recreation Area Vote was discussed and Mr. Speaker offered to look into the law regarding non-resident taxpayers' vote. Many land owners living at Vulcan had

Recalls Driving Laurier In Early Days

Mr. and Mrs. C. L. Kuykendall of Vulcan attended a reunion of the early settlers of the Lousana district Saturday, July 22. Mr. Kuykendall, who homesteaded in that area in 1905, took part in the parade and was asked to address a meeting in the afternoon.

Mr. Kuykendall recalled having taken Prime Minister Sir Wilfred Laurier, in a surrey and team of driving horses from Red Deer to a point two miles south, of the present city, for the start of building of the Grand Trunk railroad. He can remember handing the Prime Minister a silver spike and sledge hammer that marked the commencement of actual building of the new railroad. Later the Grand Trunk sold out to the CNR.

Mr. Kuykendall also had the pleasure of meeting the couple that owned and operated the first stopping place at Pine Lake. They had come as young children to the area in 1894.

His Own Mother Wouldn't Know Him

KUNG FU AND RACHEL. There was a good crowd of visitors wandering around the various goings-ons during the Elks July 1st Celebration but it must be admitted, the Royal Cafe was where the action was. From the standing figure above you get the feeling that Jay and Bing and the boys had shipped an uncle direct from Hong Kong to wait tables. Indeed, from the skull cap, to the beard, and on down to the slippers and the walk this fellow was hard to figure. Only when he broke silence could you tell Dave Mitchell was under all that get-up and he was merely putting in his eight hours which the Royal owners had purchased at the Kinsmen Club of Vulcan Manpower Auction a few weeks earlier. The service of Kinsmen were auctioned off to the highest bidder and Jay made sure he had Dave on his string. There was the occasional thumb in the soup, and coffee slopped onto the

saucer but not one plateful struck a lap. Indeed for most customers, the joy was in the service, not the food this day.

And would you believe it... that leggy "hippie" seated with Dave has got a mother? In fact she has a husband and a child or three, but as she left home that day the youngsters shook their heads sadly wondering how long this marriage could last.

Last Saturday Kinsman Lavern Scott came off a week's holiday, and along with Bob Petrosky, helped stack 2500 bales while under contract to Vernal and Mary Haga. These two are going to place a reserve bid on their services next year.

Another Kinsman, Larry Mitchell, fulfilled his obligation to the Advocate by washing windows but stole around shortly after daybreak one morning and had his job done before nosy people could start the questions.

District News

DINTON

Measles has made its appearance in the community, dimming the holidays for a number of children both in Blackie and the district. Parents who have not yet had their children immunized for measles are urged to do so without delay to prevent this miserable and potentially harmful disease.

All members of the community will be glad to hear that Miss Florence Cannon is now at home, making good progress convalescing. Staying with her is Mrs. Ray Vincent. Her brother, Harry Cannon of Biggar, Sask., brought her home from the hospital and will be staying with her for a time after he returns from a fishing trip. We all wish Florence a full and complete recovery.

Get well wishes go out from the community to Vern Peterson and Mrs. Elmer Anderson who are both patients in the High River Hospital. Get well wishes also go to Alfred Sultor who underwent surgery in the Calgary General Hospital recently.

Mr. and Mrs. Keith McKeage have been holidaying in the United States with Mr. and Mrs. Gordon Bateman.

Congratulations to Sheryl McWilliam who is now a graduate Nurses' Aide, having passed her final exams successfully. She is planning to leave soon with a classmate for a holiday in Holland. The girls will be flying.

Norma Raycraft has been posted to the Taber Hospital as part of her Nurses' Aide training course.

Whatever else may be said about the hot dry weather, it is certainly great for picnics and barbecues, and many of the families in the community are enjoying outings of this kind at the weekend.

On Sunday, July 16th, a reunion of the Craine family was held in the High River Park with members of the family from Armada, to Calgary attending. Mr. and Mrs. Rod Johnston attended from this district.

Mr. and Mrs. Harry Meadows, Mr. and Mrs. Earl Meadows and family, and Mr. and Mrs. Roy Meadows and family all attended the gathering of the Connell family at the Gladys Ridge Hall on Sunday, July 16th.

Sunday visitors, July 16 at the Stanley Gillanders home were Mrs. Gillanders' brother and sister-in-law, Dr. and Mrs. George Hardy of Calgary and children, Campbell and Pamela and Mr. and Mrs. Scott Brown and daughter Karen, formerly of Lockerbie, Scotland, now of Calgary, where Mr. Brown will be on the city teaching staff when the fall term begins.

Mrs. Clarence Laycraft and Mrs. Mike Raycraft spent the afternoon and evening of July 11th, as hostesses at the Centennial Centre, at the Sheep Creek Campsite of Aldersyde, and found it a most rewarding experience, greeting visitors to Alberta from all over the continent and even from England. They dispensed hot coffee to the adults, cold drinks to the youngsters, Dad's cookies, tourist information, etc., and just general interest in the welfare of the visitors. This must have given these visitors an unforgettably warm memory of Alberta hospitality.

Mrs. I. Raycraft recently attended a week's course at the University in Calgary, studying new math.

Mrs. Alvin Montgomery and Mrs. Charlie Meadows travelled to Edmonton with the Gladys 4-H Beef Club and their fine float which was entered in the Klondike Days parade, Monday, July 17th.

Hans Groeneveld, a cousin of the senior Groeneveld brothers, and Mrs. Groeneveld of Abbotsford, B.C., have been visiting the Wm. Groeneveld and other Groeneveld families in the district.

Recent visitors at the home of Mr. and Mrs. I. Raycraft were Mr. and Mrs. Len Schollen and family of Portage la Prairie, who have recently returned from five years in Germany where Mr. Schollen was serving with the R.C.A.F. Mrs. Schollen will be remembered by many as Bertha's little niece, Patty, who spent a good deal of time when a little girl, in the Raycraft home. Also visiting at the same time as the Schollens, were Bertha's brother, Joe Giles, who is with the R.C.A.F. at Kamloops, B.C., and Mrs. Giles.

Mr. and Mrs. Charlie Wark and family of Casper, Wyoming, have been visiting at the home of Charlie's mother, Mrs. Jim Wark. After a trip to Edmonton to visit Mrs. Charlie Wark's family, they will have a return visit with Charlie's mother on their way home.

Mrs. Jim Wark had a curious experience with her telephone service on day recently. It seems that every time she opened her phone line to dial a number, the sound from Channel 4 Television came through, blocking communication completely. Regardless of whether the set was turned on or shut off, the interference continued for the

better part of the day. Then for no apparent reason, it stopped as suddenly as it had begun with no further recurrence. Nobody in the neighborhood has come up with an explanation.

Mrs. William Groeneveld and Mrs. Flores Groeneveld were in Sylvan Lake on the weekend of July 16 to attend the reunion of former residents of Lovers, Sask. (their home town) now settled in Alberta.

Recent visitors at the William Willocks home were Bill's cousin, Jock McManus and Mrs. McManus of Winnipeg, who came to Canada from Scotland a short time ago. They are also visiting other members of the Willocks family in the area.

Mr. and Mrs. Harry Meadows have their grandchildren, Heather and Ian Meadows visiting them. They are the children of Mr. and Mrs. George Meadows.

Quite a number of ladies attended when Mrs. Andrew Groeneveld entertained with a get-acquainted tea for her daughter-in-law, Mrs. Les Groeneveld on Thursday afternoon, July 20th. Mr. and Mrs. Les Groeneveld will be making their home in the Mossleigh district.

Mr. and Mrs. Irvin (Mike) Raycraft celebrated their 30th wedding anniversary on Saturday evening, July 22 by holding open house at their home. Friends and relatives from miles and miles around, came to help them celebrate. The community extends congratulations and best wishes for many more happy anniversaries.

Those from this immediate community who will be leaving by chartered flight to Expo, Thursday, July 27 are Mr. and Mrs. Wm. Groeneveld and Vernon, Mr. and Mrs. Flores Groeneveld and Wendy, Mr. and Mrs. Glenn Laycraft, Mr. and Mrs. Frank Thurber and Mr. and Mrs. Urban Bricker.

The community extends congratulations and best wishes to Arthur Johnston on his 80th birthday, July 25, for many more happy birthdays.

The F.U.A. and 4-H picnic will be held on July 30th, at the Groeneveld Brothers farm on the Bow River. Everyone is welcome.

W.I. MEETING
The July meeting of Dinton WI was held on Wednesday afternoon, July 19 in Dinton hall, with nine members and two visitors present.

Mrs. William Groeneveld and Mrs. Carl Litchfield were the hostesses. Mrs. William Willocks acted as secretary in the absence of Mrs. Keith McKeage who is on holidays. Motto for the day was, "Friendship is the golden thread that ties the hearts of all the world." Roll call was answered by naming a foreign country and the head of its government. Mrs. I. Raycraft reported she collected \$37.00 in the sale of corsages made by the School for Retarded Children, and this sum will be turned over to their Association.

Summer projects constituted much of the business for the after-

noon. Weather permitting, the garden tour will be held on the second Wednesday afternoon of August. Time, place, and other details will be announced later.

A correction in the list for the flower show on August 16 should be noted. It should read: Class 29—Carrots (6) tops cut to one inch; Class 30—Potatoes (a) red (b) 6 white.

Mrs. William Groeneveld consented to act as treasurer for Dinton WI until the end of the year, for Miss Florence Cannon. Diplomas for Horticulture have been awarded to Mrs. Herb McWilliam, Mrs. William Groeneveld, Mrs. Andrew Groeneveld and Mrs. Urban Bricker. These diplomas qualify them for judging at flower shows.

Mrs. L. J. Belanger of High River, who was delegate from Highwood WI at the Provincial Conference of the Alberta Women's Institute held in Edmonton in the first week of June, was the guest speaker for the afternoon. She gave a most interesting account of the sessions, pointing out the highlights of the conference and also mentioning some features which detracted. One of these was the fact that much of the WI business was left till the Friday when many of the delegates had gone home. Too much of the early part of the week was taken up with guest speakers, panel discussions, etc. Afterwards she show-

I'm the best beer in the house.

They both are.

How can you make a choice? Well, Lethbridge Lager is bold and brawny; Lethbridge Pilsner is a traditional beer, naturally-aged the old-fashioned way. Both are quality brewed, so it's all a matter of individual taste. And, as you can see, the beers speak for themselves.

The two best beers in the house!

HARVESTING FIELD DAY

Plans are to hold this Harvesting Field Day on the farm of Peter Silbernagel near Milo. There will be actual combining demonstrations, film on proper adjustment for different crop conditions and a demonstration on 35 moisture swathing. We intend to pay special attention to the problems of those who have Rape and Malt-Baring barley to harvest this fall. Of course, not everyone is interested in these crops so there will be a large portion of our time spent on harvesting our common cereal grains.

Watch for an Ad in next weeks Advocate telling of the time, date and how to get to Silbernagels.

FREQUENCY OF HOG FEEDING

Labor is scarce on most farms. This is especially true on weekends, holidays and during harvesting and seeding operations. Results of hog feeding experiments carried out in Alberta and released at Feeders Day show that farmers can not afford not to feed hogs on weekends if they are on full feed the rest of the week. There is some loss, of course, but this can be totaled and one can decide if it is worthwhile to have an extra man around or to stay home every weekend and do the choring yourself. If you're interested, drop in and pick up a copy of this report.

FEEDERS DAY BULLETIN AVAILABLE

Phone, write or drop in and pick up a Feeders Day Bulletin. Nine experiments are reported on Beef, Dairy and Sheep with six reports on swine.

This report will make interesting reading.

On Preparing Fabrics for Sewing

Do you prepare your fabrics for sewing? By preparation, I refer to straightening the grain and fabric ends and preshrinking the material, if necessary.

Fabric which is not straightened before cutting may result in a garment which does not fit well and hangs incorrectly. Wrinkling may also be a result of garments cut off grain. What might happen if your garment shrinks after the first laundering or dry cleaning? Take time to prepare your fabric before cutting. It will free you of disappointments later on.

If your material has not been torn or cut straight at both ends, this you must do. For fabric that will tear, tear across both ends. If it can't be torn, pull a crosswise thread that appears to go all the way across the width of the fabric. Pull it gently as far as you can, like gathering thread. Cut across where thread has been pulled. This procedure should be done at both ends.

To straighten the threads or the grain, fold the fabric lengthwise with selvages together. If the ends do not meet, the threads of the fabric are not at perfect right angles and must be straightened. To straighten, pull the two short corners (on the bias) so that when the fabric is again folded with selvages together, the ends meet. Press to your linings and interfacing.

If your fabric is not labelled pre-shrunk or Sanforized, then you should take steps to do this at

home. To pre-shrink your fabrics, wring out a wet sheet. Spread the fabric out on the wet sheet and roll both up together. Leave for several hours until the material is quite damp. Press on the wrong side using very light pressure. Run the iron parallel to the selvages so as to prevent stretching the fabric. Avoid folding and handling the material until thoroughly dry.

To pre-shrink your rayon linings and seam bindings and your cotton interfacings, use the following procedure. Leave the material folded and place in a pan of cool water. Soak at least thirty minutes. Squeeze out the water and hang to dry. Press running parallel to the selvage. Make these steps a habit in preparing your fabrics for sewing. It's well worth it.
